

January 11, 2022

City Manager Report

Operations

- Omicron
- Grants

Projects

- East Main
 - Date and time for City walk through is all that remain prior to issuing final punch list and closing out.
- TDA CDBG Sewer Line Grant
 - Bids have been opened and awarding of the bid and issuance of notice to proceed are the next steps.
- Carrizo Water Line
 - Well motors have been received by Wiesinger and are being stored until such time as construction of the Transmission line/plant provides for them to be installed. In exchange for us closing out the contract and releasing the retainage, Wiesinger will install the motors without further compensation due to that being part of their scope .
- Convention Center
 - Architect is finalizing revisions and adding some "interior" (seating, tables, etc..) renderings. Once completed we will schedule a workshop.
- 8" Water Line Extension
 - Line has been installed and covered over.

Summary of Activities for DECEMBER 2021

Summary of task below are in conjunction with routine task performed by field staff in providing water & wastewater treatment, maintenance.

Management Activities:

- Cody turned in resignation (12/09/2021)
- Jerry Higgins turned in resignation (12/10/2021)
- Maria Urrutia turned in resignation (12/28/2021)
- Sent Mr. Linn information on water restriction / also getting information on equipment and fusion machine
- Sent email to Monk INC, concerning aerators invoices for TCEQ, received and forwarded to TCEQ
- Interviews for Public Works
- Completed separation notice for Juan Benavides per Ruby Mowles

Projects:

- 8" water line extension under way.
- Loma Alta still waiting on bores / boring started on 12/29/2021 (Karnes)
- Generators, the one for the RO has been shipped, others still to be around May or June 2022
- Meet with SLP at project sites / Karnes and Loma Alta (bores and meters tie ins)
- Pre construction meeting 6S Engineering (CDBG) sewer lines, Waco and Live Oak

TCEQ:

- Sent TCEQ update information on SEP for WWTP Phase II
- Sent TCEQ Quarterly report per violation extension. 12/01/2021

Notes:

- Worked at the Christmas in Kenedy event
- Replaced meter at HEB gas station (3" mag meter) also replaced meter at Hampton Inn (2" compound"
- Check on graffiti at monitor wells, pipes across Escondido drainage ditch
- Low pressure call, Cottonwood area (air locked PRV) flushed and cleaned screens

Training Activities

INFORMATIONAL MORNING MEETINGS ABOUT WHAT WE DO AND WHY WE DO IT

- City of Kenedy hosted the Monthly TWUA meeting, City of Kenedy attendees, Jerry Higgins, Gary Paredez, Hector Salinas, Austin Bryan, Andrew Gilley, Mark Garcia and Councilman Johnny Rodriguez

The reports listed above are included in your packet and compiled by the department Supervisor

SUMMARY:

1. Public Works activity report (Gary Paredez)
2. Water MOR (Hector Salinas)
3. Water Loss Report (Gary Paredez)
4. Water Stage Restrictions (Gary Paredez)
5. Field Operations Report (work orders) (Gary Paredez)
6. Wastewater Treatment Plant Report (Mark Garcia)
7. SSO's (Mark Garcia)

Gary Paredez

Accidental Discharge or Spill Monthly Summary Form

See back of form for guidance for completion

General Information:

Permittee: ☒

Regulated Entity Name: City of Kenedy WWTP

Regulated Entity No: 102097839

Permit No: WQ0010746001

Subscriber: ☐

EPA ID No: TX0027774

TCEQ Region: Region 13 - San Antonio

County: Karnes County

Start Date Start Time	End Date End Time	Volume (gallons)	Location	Cause	Steps taken to reduce, eliminate, and prevent recurrence	Description/Content	Standard Method for Volume Calculation
12/29/21 3:00 pm	12/29/21 3:30 pm	30	Pullen st.	Line blocked due to rags and debris	Cleaned out manhole of debris and jetted line.	Replaced manhole so that no more blockages will occur and keep flow normal.	Visual Estimate

Information Reported by (Name/Title) Mark Garcia Wastewater Superintendent Signature: Mark Garcia

Date Reported 1/4/2022

When reporting an accidental or unauthorized discharge or spill, it is important to include all information that is requested on the notification form. If you have questions about the form, do not hesitate to call your TCEQ Regional Office and ask to speak to a wastewater investigator. All information should comply with reporting requirements noted in Texas Water Code Section 26.039, 30 Texas Administrative Code (TAC) Section 305.132, and, if applicable, 30 TAC Section 327.32.

TCEQ-20756 (06-27-16)

Note: A copy of this form should be sent to your TCEQ Regional Office no later than the 20th day of the following month and the original to the TCEQ Compliance Monitoring Team (MC224), Enforcement Division, P.O. Box 13087, Austin, TX 78711-3087

*If the accidental spill or discharge occurs at a Subscriber system (collection system only), use the RN associated to the collection system. If you are uncertain of your RN, you may call the TCEQ Regional Office for assistance.

This form may be used in lieu of 24-hour notification to the Regional Office when the accidental or unauthorized discharge or spill meets the requirements in 30 TAC 305.132 and 30 TAC 327.32. You must fax or mail a completed, signed copy within 20 days of the following month to the Water Section Manager at your TCEQ Regional Office. The original, signed copy should be mailed to the address located at the bottom of the form.

General Information

Entity name - permitted name or owner name for subscriber systems.

Permit Number – Your TCEQ WQ permit number (i.e., WQ0012345001). If you are a subscriber, use the RN to which the collection system is associated. If the RN is unknown, please call the TCEQ Regional Office for assistance.

Noncompliance Summary

Volume – volume must be estimated by the one of the four methods outlined in 30 TAC

Location – include address or latitude and longitude coordinates

Cause - grease, blockage, infiltration or inflow, equipment failure, power outage, other?

Steps taken reduce, eliminate or prevent recurrence – List all steps taken to ensure no further reoccurrences

Description/content – a description of the events that lead to the spill including the contents of the spill and actions taken to clean

Standard Method – name the method you used to estimate the volume

Kenedy Police Department

119 S. Third Street
Kenedy, Texas 78119
(830) 583-2225 / (830) 583-2984

From the Office of the Police Chief

January 5, 2022

Welcome to the 2021-year end review of the Kenedy Police Department. This review is intended to give a comprehensive report on the activities and accomplishments of the Kenedy police Department. During this review we will explore all aspects of the department and activities. While 2021 was a challenging year due to the ongoing Covid-19 pandemic we still had a very successful year.

The Kenedy Police Department is currently made up of Chief Ashe, 1 Lt, 2 Sgt's and 10 officers. We also have 1 Administrative Assistant who runs the office. Kenedy Animal Control and its two officers are also under the Police Department.

TPCA Recognition Program

In February the Department had its inspection for the Police Chiefs Recognition Program. Two Police Chiefs inspected all the aspects of the Department to ensure compliance with the current best practices. This was the end of a two-year process that included updating and creating new policies, training, and physical changes to the PD. After successful inspection the Department was presented with our recognition status at the March City Council Meeting. We were also recognized at the annual Texas Police Chiefs conference in April. Out of over 2000 agencies in the state we were the 170th agency to complete the process. This was a very high honor for our department and places us in the elite status.

Security updates

In an effort to improve security in our parks we made several upgrades to the parks. In both Escondido and Gulley parks we added surveillance cameras in multiple areas. We also added four emergency call boxes to the walkways in the Escondido parkway. This gives our citizens added sense of security while in the parks. The cameras are monitored by the police department.

In an effort to help citizens better meet people for online sales to each other the PD was designated as a safe place to meet to exchange items sold on-line. The area used is on the south side of the building and is monitored by cameras. There is also a sign showing the area.

New tools

The Department also added several new tools to the Department. We now have a small drone to use when looking for suspects or missing persons. The drone is also used on special events to take video and photos. We currently have one pilot trained and another is in the process for getting his license.

Community Outreach

As part of our outreach to the community the Department participated in several community events this year. We attended the job fair at the Kenedy High School. The big hit was putting on the SWAT gear. We also handed out Child ID kits at Walmart as part of their Safety Days. In July we were part of the Cities 4th of July Event. In October we hosted a National Night out party at Gulley Park that was very well attended.

Command Changes

In October we made a change to the structure of the Department. We changed one of the Sgt slots to a Lt slot. The Lt is now in charge of all the uniform officers in the department and he has a Sgt to assist. Lt Elizondo is also the program manager for our Recognition Program and is responsible for maintaining all the proofs of compliance that we need to keep our status.

Training and Education

The Kenedy Police Department Officers logged over 1000 hours of training for 2021. Included in the training was an instructor for the ASP baton that our officers carry. This allows us to train our officers in house without hiring instructors or sending officers to out of town classes. We also trained 2 officers as instructors for our rowing machine. We will be moving to a physical fitness program in 2022 where officers will have to complete a test on the rowing machine. We trained 2 new Field Training officers and 2 new hostage negotiators for the department.

We also trained 2 officers in the Crime Free Hotel program. This is a program that the department will use to work with local Hotels toward making their hotels safer for visitors. It is a voluntary program that we will begin in 2022.

Certifications

Police officers have to be licensed by the State to work as peace officers. There are several levels of license that are based on years of service and training hours. In order to move up you must complete certain required classes and have the time in service. One of the areas of focus of the Department is to get our officers to the next level as soon as possible. Officers also receive higher certification pay for getting to higher levels. In the past year we had 2 officers move from the Basic Officer to Intermediate. We had 4 officers move from Intermediate to Advanced and 3 officers move from Advanced to Master Peace Officer.

Community Survey results

2019 2020 2021

In the past year have you had contact with the Kenedy police Department.

Kenedy Police Department 2021 Goals

1. Begin a drone program.
 - a. The drone was purchased with donated money from Conoco.
 - b. One pilot was trained and received his license. A second pilot is training.
2. Develop a physical fitness program/ rowing machine
 - a. The machine was purchased with donated funds from Conoco.
 - b. Two officers were certified as instructors for the machine.
 - c. Inservice class for given to officers on the proper use of the machine.
 - d. Testing will be in Jan 2022
3. Develop over all wellness program.
 - a. The physical fitness was started in 2021. This will be carried over to 2022.
4. Add one member to the Negotiation team.
 - a. Two officers were certified as negotiators this year giving us a total of three.
5. Review paperwork process and make recommended changes.
 - a. The processes were reviewed.
 - b. Several changes were made in patrol. Officers will only print cases that need to be sent to investigations.
 - c. We talked to the DA and CA about not sending paper. The DA will take thumb drives but the CA still wants paper. We will keep working on reduction.
 - d. Old files were reviewed and set aside for destruction. We are looking at a day in Jan to destroy the files.
6. K-9 Officer
 - a. We located a foundation that would fund the purchase and training of the dog.
 - b. The dog was purchased and trained in East Texas. The dog is a black lab named Robbie.
 - c. Officer Mercado was identified as the handler for Robbie. He is set to go to training in Jan 2022.
7. Challenge coins
 - a. The officers of the department designed the coin.
 - b. The coins were ordered and distributed to the officers.

Kenedy Police Department 2021

Department Use of Force Analysis

Use of Force Analysis for 2021

This analysis was conducted for the purpose of reviewing the Kenedy Police Department's Use of Force for calendar year 2021. The Kenedy Police Department takes its obligations seriously to provide the most effective and efficient police service with the least adverse impact on our citizens. The Kenedy Police Department is committed to protecting the rights of all persons and in using force only when necessary, and to the extent necessary, to achieve legal objectives. This analysis is conducted each year to comply with Texas

Law Enforcement Best Practice 6.10 and to attempt to identify methods for reducing the number of incidents and the inherent risks involved.

Officers are trained by the department to use only the level of force necessary to bring a person under control and complete a legal objective. Police/citizen encounters can however, change instantly, and officers may be required to react quickly in using force to subdue a resisting subject. While officers prefer to escalate their level of force in an orderly manner in order to use the lowest level possible, the response of a subject may limit that ability and force officers to use whatever level of force is immediately available to protect themselves and the public.

Use of Force Reporting Requirements

Texas Law Enforcement Best Practice 6.03 and Kenedy Police Department General Order 604 requires a written report be completed anytime an officer uses force. Officers are required to report all use of force that include, OC or CLE deployment, any impact weapon, Extended Range Impact weapon, discharge of a firearm, or pointing a firearm at a person. These reports must be made on the Department approved form.

Each individual Use of Force Report is immediately reviewed by the Officer's Supervisor, and through the Chain of Command to the Chief of Police. At the time of the incident, the Use of Force is reviewed to ensure the use was appropriate and within the guidelines of Department Policy and Law. If the officer used force inappropriately, a departmental investigation is required and the officer may receive additional training or in some cases discipline up to and including termination from employment. This analysis is not intended to determine if an officer acted inappropriately, but to identify department wide trends that may suggest changes in policy, training, equipment or supervision.

All reports are sent to Chief to be stored. Chief completes the annual review of use of force based on those reports.

Use of Force Comparison 2020/2021

There were a total of 14 Reported Uses of Force this year compared to 10 last year. This represents a difference of +4. There was a total of 6242 citizen contacts this year (calls for service, arrests, citations, field interviews, and other contacts) which creates an index of only one Use of Force for every 0.002 citizen contacts.

The Use of Force incidents are listed below by type with comparison to the previous year.

	2020	2021	Difference
Physical Control	2	0	
OC Pepper Spray	0	7	+7
Impact Weapon/Baton	0	0	
Non/Less Lethal Weapon	0	0	
Electronic Control Device	0	0	
Firearm pointing	8	7	-1
Total	10	14	

Individual Officer Use of Force

The average officer used force only less than one time in 2021. A number of officers used force more than the average and these officer's activities and actions were reviewed by the department for appropriateness. While each individual use of force is reviewed immediately after the event to ensure it is in compliance with department policy and law, patterns of behavior can also indicate the need for additional training or supervision. Officers can have significantly different rates in their use of force depending on the crime activity in the part of the city where they are assigned, their type of assignment, the time of day they work and their experience level.

No officers were found to be in violation of any policy.

Physical Control

The use of chemical agents went up this year to 7. Our cases of pointing firearms were down this year. In most of those cases they were high risk stops. We only had two cases of physical control.

In 2021 Police Officers used physical control 0 times during incidents they were assigned to deal with.

Included in the category are all those incidents requiring only physical force to complete handcuffing or bring a resisting subject under control. If physical control was insufficient to bring the individual under control and a higher level of force was used, that incident is reported in the highest level used by the officers.

In 0 instances this year, physical control was sufficient to bring the person under control. In 14 instances, physical control was insufficient and a higher level of force was required.

Included in this category are all those instances where simple use of or issuance of verbal commands was not sufficient or effective. It includes those instances where officers place their hands on a subject and use more force than simply a strong grip, must forcibly handcuff a person, the use of pressure point control tactics or other soft hand techniques. This category also includes taking the person to the ground in order to forcible handcuff.

In the 14 cases where physical control was insufficient, officers chose a higher level of force to gain compliance.

OC Pepper Spray

In 2021 Police Officers used department issued Oleoresin Capsicum (OC) spray chemical agent __7__ times during an arrest or other incident.

Oleoresin Capsicum is a chemical compound derived from various pepper plants and is mixed with a propellant that is used by many law enforcement agencies as a less-lethal alternative to higher and more injury producing levels of force. The chemical spray is usually directed at a resisting subject's face and the spray immediately causes a burning of the eyes, nose, and mouth causing the subject to close their eyes and in most cases stops any physical resistance. The burning will usually dissipate within 30 minutes and most often has no long term after effects.

Included in the category are those incidents where OC Spray was the highest level of force needed to complete handcuffing or bring a resisting subject under control. If the use of OC Spray was insufficient to bring the individual under control and a higher level of force was used, that incident is reported in the highest level used by the officers.

In __7__ instances this year, OC Spray was sufficient to bring the person under control. In __7__ instances, OC Spray was insufficient and a higher level of force was required.

Also included in this category are all those instances where simple use of or issuance of verbal commands was not sufficient or effective and may include other instances where other lower levels of force were used but were ineffective in resolving the issue.

Impact Weapons / Baton

In 2021 Police Officers used department issued some form of impact weapon __0__ times during an arrest or other incident.

Impact weapons include the use of the department issued ASP Baton, the use of a closed fist or any other implement that was used to deliver a strike to a person.

The department issues and trains officers in the use of the ASP collapsible baton. Training is provided to instruct officers in the proper placement of strikes that will temporarily stun an opponent allowing the officer time to complete handcuffing. Baton tactics training provided by the department avoids the use of any strikes directed at the head of an individual. If an officer does not have the time or opportunity to deploy the ASP or other less-lethal options, officers may have to defend themselves with their bare hands. If closed fist strikes were required then those instances are reported in this category.

Included in the category are those incidents where an impact weapon was the highest level of force needed to complete handcuffing or bring a resisting subject under control. If the use of an impact weapon was insufficient to bring the individual under control and a higher level of force was used, that incident is reported in the highest level used by the officers.

In __0__ instances this year, an impact weapon was sufficient to bring the person under control. In __14__ instances, the use of an impact weapon was insufficient and another level of force was required.

Also included in this category are all those instances where simple use of or issuance of verbal commands was not sufficient or effective and may include other instances where other lower levels of force were used but were ineffective in resolving the issue.

Non/Less Lethal Weapon

In 2021 Police Officers used department issued Non or less lethal Weapon 0 times during an arrest or other incident.

The department has a number of less lethal munitions available that can be fired from specially designed firearms that are designed to inflict surprise, pain or trauma that is less severe than the use of deadly force. These less lethal munitions include bean bag rounds, rubber pellets, wooden baton rounds, as well as pepper-ball munitions fired from guns similar to paintball guns. While these rounds are designed to be less lethal than regular firearms, they are still able to cause significant damage to an individual and as such are used only as a last resort when time and opportunity permit.

Included in the category are those incidents where a non/less lethal weapon was the highest level of force needed to bring a subject under control. If the use of OC Spray was insufficient to bring the individual under control and a higher level of force was used, that incident is reported in the highest level used by the officers.

In 0 instances this year, non/less lethal munitions were sufficient to bring the person under control. In 14 instances, non/less lethal munitions were insufficient and a different level of force was required.

Also included in this category are all those instances where other lower levels of force were used but were ineffective in resolving the issue.

Firearms

In 2021 Police Officers pointed their firearms 7 times during an arrest or other incident.

Firearms are by definition Deadly Force, and their use is very restricted. Officers must comply with not only their intensive training, but with the department's Deadly Force Policy and state law. When an officer fires their weapon in the line of duty, whether or not an individual is hit, a detailed investigation is undertaken to determine if that use was in compliance with both policy and law.

Included in the category are those incidents where Firearms were the highest level of force used to bring a resisting subject under control.

In 7 instances this year, a use of a firearm was sufficient to bring the person under control. In 7 instances, Firearms were insufficient.

All cases involved pointing a firearm but no shots were fired or injuries reported.

Citizen and Internal Complaints Regarding the Use of Force

During 2021, the Police Department received a total of 1 complaints of unnecessary or inappropriate use of force. 1 of these complaints were Citizen generated and 0 was Supervisor or internally generated. Each of these complaints were investigated and resolved to the level possible.

A synopsis of each complaint is provided below with the resulting outcome:

One complaint of a citizen who was detained and handcuffed during an investigation. The citizen was released after it was determined he was not the suspect. The complaint was considered unfounded as the officer had the authority to detain while investigating.

General Observations

The Kenedy Police Department has a very low use of force ratio. No suspects were seriously injured last year. The use of OC was up this year but pointing of firearms was down. Or use of force ratio remains very low.

Recommendations

No recommendations were made this year for changes to policy or procedure.

Pursuit Review

Vehicle Pursuit

Analysis

Vehicle Pursuit Analysis for 2021

This analysis was conducted for the purpose of reviewing the Kenedy Police Department's Vehicle Pursuits for calendar year 2021. Vehicle Pursuits are inherently dangerous to both the officers involved and the public. The Kenedy Police Department takes its obligations seriously to provide the most effective and efficient police service with the least adverse impact on our citizens. The Kenedy Police Department is committed to protecting our citizens but at the same time ensuring the manner in which we do so does not place the public at risk of greater harm. This process requires continuous evaluation of the risks and benefits of each action.

This analysis is conducted each year to comply with Texas Law Enforcement Best Practice 7.14 and to attempt to identify methods for reducing the number of vehicle pursuits and the inherent risks involved.

Officers are trained by the department in pursuit tactics and emergency driving. However, as skilled as an officer might be in these situations, the vehicle being pursued may not have a competent driver and many times the driver may be under the influence of alcohol or drugs.

Vehicle Pursuit Reporting Requirements

Texas Law Enforcement Best Practice 7.13 and Kenedy Police Department General Order 602, requires a written report be completed anytime an officer pursues a vehicle. Kenedy Police Department General Order 602 requires all pursuits to be reported using the Department Approved form, as soon as practical after a pursuit.

Any time an officer calls a pursuit, department policy requires a Supervisor be immediately notified by the Dispatch center. The supervisor is required to monitor the pursuit and act as an uninvolved decision maker regarding the danger of the pursuit. Both the officer and Supervisor are charged with continuous evaluation of the pursuit as it occurs and are required to call off the pursuit when wither believe the risks to the officer or public outweigh the need for immediate capture of the suspect.

Each individual Pursuit Report is immediately reviewed by the Officer's Supervisor, and through the Chain of Command to the Chief of Police. At the time of the incident, the Pursuit is reviewed to ensure the use was appropriate and within the guidelines of Department Policy. If the officer initiated a pursuit inappropriately, a departmental investigation is required and the officer may receive additional training or in some cases discipline up to and including termination from employment. This annual analysis is not intended to determine if an officer acted inappropriately, but to identify department wide trends that may suggest changes in policy, training, equipment or supervision.

All reports along with a copy of the offense report are forwarded to Chief and maintained in the Chief's office.

Vehicle Pursuit Comparison 2020/2021

There was a total of 1 Reported Vehicle Pursuits this year compared to 1 last year. This represents a difference of 0% percent increase.

The reasons for Pursuit initiation are listed below by type with comparison to the previous year.

	2020	2021	Difference
Traffic Violation only	0	1	+1
Misdemeanor Offense	0	0	
Felony Offense	0	0	

Outstanding Warrant	0	0	
Suspicious Activity	0	0	
Suspected Intoxication	1	0	-1
Total	1	1	

Individual Officer Analysis

A number of officers were involved in pursuits more than the average and these officer's activities and actions were reviewed immediately following the incident by the department for appropriateness. While each individual vehicle pursuit is reviewed immediately after the event to ensure it is in compliance with department policy and law, patterns of behavior can also indicate the need for additional training or supervision. Officers can be involved in pursuits at significantly different rates depending on the crime activity in the part of the city where they are assigned, their type of assignment, the time of day they work and their experience level.

Reasons for a Pursuit

In 2021, there were 1 vehicle pursuits initiated because the officer observed the driver commit a traffic violation and then failed to stop when signaled by the officer. Failure to stop for an officer is a separate violation and fleeing from an officer in a vehicle is a State Jail Felony.

This number is up from the 0 pursuits initiated for traffic violations last year

In 2021, there were 0 vehicle pursuits initiated because the officer became aware the driver was wanted for a Misdemeanor Offense and then the driver failed to stop when signaled by the officer. This number is up/down from the 0 pursuits initiated for traffic violations last year.

In 2021, there were 0 vehicle pursuits initiated because the officer became aware the driver was wanted for a Felony Offense and then failed to stop when signaled by the officer.

This number is up/down from the 0 pursuits initiated for traffic violations last year

In 2021, there were 0 vehicle pursuits initiated because the officer became aware that the driver was wanted on an outstanding Misdemeanor or Felony Warrant and then the driver failed to stop when signaled by the officer.

This number is up/down from the 0 pursuits initiated for traffic violations last year.

In 2021, there were 0 vehicle pursuits initiated because the officer observed the driver in suspicious circumstances and then failed to stop when signaled by the officer. Officers have the authority to stop and question persons who are found in suspicious circumstances and the officer has reasonable suspicion to suspect criminal activity

This number is down from the 0 pursuits initiated for traffic violations last year.

In 2021, there were 0 vehicle pursuits initiated because the officer had reasonable suspicion to suspect the driver may be impaired due to alcohol or drugs and the drive then failed to stop when signaled by the officer.

This number is /down from the 0 pursuits initiated for traffic violations last year.

Pursuit Terminations

Pursuits can be terminated at any time by the pursuing officer or any Supervisor when they believe the danger posed to the citizens is greater than the need to apprehend the offender. This "voluntary termination" may better protect the citizens than the continuation of a dangerous pursuit for minor offenses. The table below provides information on how pursuits were terminated.

Type Termination	2020	2021	Difference
Voluntary Termination – Officer	0	1	+1
Voluntary Termination – Supervisor	0	0	0
Stopped – Arrested	1	0	-1
Stopped - Fled on foot – Escaped	0	0	0
Stopped - Fled on foot – Captured	0	0	0
Accident - Violator Involved in Accident	0	0	0
Accident - Police Involved in Accident	0	0	0
Spike Strips	0	0	0
PIT Maneuver	0	0	0
Rammed	0	0	0
Firearm	0	0	0
Roadblock	0	0	0
Escaped - Not Located	0	0	0
Escaped - Captured Later	0	0	0

Damage and Injury

In 2021, there were __0__ pursuits which had some damage or injury associated with the incident as a result of the pursuit. These pursuits are summarized below:

Policy Violations

The department policy on Pursuits is reviewed periodically with officers to ensure they are aware of when they should or should not pursue a vehicle. After each pursuit, the pursuit must be reported on the Pursuit Report Form which is forwarded through the officer's Supervisor, through the Chain of Command to the Chief. If a violation of policy is identified, the Chief may decide on an appropriate response, which may include additional training or even disciplinary actions if necessary.

In 2021, there were __0__ policy violations identified in regards to pursuit initiation or termination.

Summary and Recommendations

There was only one reported pursuit in 2021. No violations of policy were noted and no training recommendations.

Accident and Injury Analysis for 2021

This analysis was conducted for the purpose of reviewing the Kenedy Police Department's Vehicle Accidents and Personal Injuries for calendar year 2021. The Kenedy Police Department takes its obligations seriously to provide the most effective and efficient police service while ensuring employee safety. Law Enforcement is a particularly dangerous occupation and while many of our activities are fraught with risks, employees must take every action possible to remain safe and prevent accidents and injuries when possible. This analysis is

conducted each year to comply with Texas Law Enforcement Best Practice 4.10 and to attempt to identify methods for reducing the number of vehicle accidents and personnel injuries.

This analysis consists of two parts. First is the analysis of all Vehicle Accidents by members of this department, both sworn and non-sworn. The second part is an analysis of all non-vehicle personal injuries occurring during the year. The non-vehicle personal injuries can be any type of injury from straining a back due to heavy lifting to an injury occurring during a scuffle with a prisoner.

Accident and Injury Reporting Requirements

Texas Law Enforcement Best Practice 4.10, and Kenedy Police Department General Order 210, requires each vehicle accident and personal injury be reported and investigated. Policy 210 requires any time an officer is in a vehicle accident that results in property damage or personal injury. The policy also requires officers to report any on duty injury or illness regardless of the extent.

Any time an employee is involved in a vehicle accident, department policy requires a supervisor be immediately notified by the Dispatch center. The supervisor is required to go to the scene and conduct an investigation into the cause of the accident. If there is significant damage to either the police vehicle or a citizen's vehicle, the Supervisor may request the investigation be completed by a traffic accident specialist or even by another law enforcement agency.

The accident is reviewed to ensure the officer's actions were appropriate and within the guidelines of Department Policy. If the officer violated department policy or state law without justification, a departmental investigation is required and the officer may receive additional training or in some cases discipline up to and including termination from employment. This annual analysis is not intended to determine if an officer acted inappropriately, but to identify department wide trends that may suggest changes in policy, training, equipment or supervision.

All auto crashes or personal injuries are reviewed by a Board appointed by Chief per Policy 210.

Any personal injury occurring on the job that requires any form of treatment including first aid, must be reported immediately. Supervisors must complete the First Report of Injury and forward it to the Human Resources Department. Part of this reporting is attempting to determine the cause of the injury and methods for prevention. A copy of this form is maintained by the department and reviewed as part of this report to determine the causes of injuries within the department.

All reports are maintained in the Chief's office and reviewed annually.

. Vehicle Accident Comparison 2020/2021

There was a total of 0 Reported Vehicle Accidents this year compared to 2 last year. This represents a difference of 2 reduction decrease.

The Accident Causes are listed below by type with comparison to the previous year.

	2020	2021	Difference
Fail to Maintain Control			
Animal in roadway	1		-1
Ran Red Light/Stop Sign			
Speeding			
Fail to secure Vehicle			
Other Driver at Fault	1		-1
Total	2	0	-2

Personal Injury Analysis 2020/2021

There was a total of __1__ personal injuries reported this year compared to __0__ last year. This represents 1 increase.

The injury causes are listed below by type with comparison to the previous year.

	2020	2021	Difference
Picked up item		1	+1
Slipped on Wet Hall Floor			
Fight with suspect			
Shot by Mental Patient			
Tripped			
Shell casing struck eye during firearms training.			
Total	0	1	+1

Individual Officer Analysis

While each employee's actions were reviewed immediately following the incident by the department, patterns of behavior can also indicate the need for additional training or supervision. Employees that were involved in multiple incidents this past year were reviewed in detail to determine if any additional training might be required.

Damage and Injury

In 2021, there were __0__ accidents, and __1__ personal injuries which had some damage or lost work time associated with the incident. These accidents and injuries are summarized below:

We had no crashes last year. We had one shoulder injury. The officer was lifting a radio off the table and torn his shoulder. The doctor advised it was due to long term stress on the shoulder.

Policy Violations

The department policy on routine and emergency driving, including pursuits is reviewed periodically with employees to ensure they know their responsibilities. If an employee is found in violation of a department

policy or law, the Chief may decide on an appropriate response, which may include additional training or even disciplinary actions if necessary.

In 2021, there were __0__ policy violations identified in regards to vehicle operation or safety violations.

Summary and Recommendations

No policy or training recommendations were made for Command.

Command Review:

Any Actions to be Taken:

No follow up actions taken on this report.

2021 Drug arrests

The Kenedy Police Department has one investigator assigned to work drug and vice crimes. In addition, we had several large seizures by Patrol officers. During the past year we have worked several investigations with other federal agencies and task forces in the area on gambling and drug cases. Below is a breakdown of the drugs seized as well as other items seized. We had 90 adults arrested for various drug or organized crime offenses.

Methamphetamine - 724.8 grams \$50 per gram \$36,250
Marijuana - 2,339.8 grams \$25per gram \$58,500
Penalty Group 3 (Alprazolam & Tramadol) 9,950.6 grams / 6,789 pills \$10 per pill \$67,890
THC - 49.4 grams \$60 per gram \$2940
Cocaine - 9.3 grams \$100 per gram \$900
MDMA - 21.9 grams (178 pills) \$10 per pill \$220
Synthetic Marijuana - 52.9 grams \$10 per gram \$520
Dangerous Drugs - 111.9 grams (431 pills) \$5 per pill \$560
Oxycodone - 8 pills / 1.2 grams \$20 per gram \$160

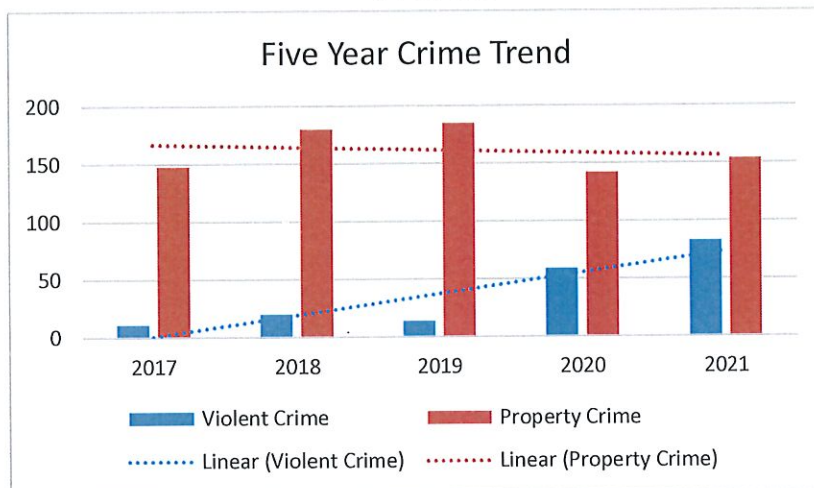

Total value: \$106,319

Seized: Cash \$61,812 2 vehicles, 25 video game machines and 1 building.

We also seized 7 firearms including 1 that was stolen here in Kenedy.

This does not include juvenile arrests.

Racial Profiling Report | Full report

Agency Name: KENEDY POLICE DEPARTMENT

Reporting Date: 1/3/2022 TCOLE Agency Number:

Chief Administrator: Chief Richard Ashe Agency Contact: Phone:
(830) 583-2225

Email:

Mailing Address: 119 S 3rd Street, Kenedy, TX 78119

This Agency filed a full report:

KENEDY POLICE
DEPARTMENT

has adopted a detailed written policy on racial profiling. Our policy:

1) clearly defines acts constituting racial profiling;

2) strictly prohibits peace officers employed by the

KENEDY POLICE
DEPARTMENT

from
engaging

in racial profiling;

3) implements a process by which an individual may file a complaint with the
KENEDY POLICE DEPARTMENT

if the individual believes that a peace officer employed

by the KENEDY POLICE DEPARTMENT

has engaged in racial profiling with respect

to the individual;

4) provides public education relating to the agency's complaint process;

5) requires appropriate corrective action to be taken against a peace officer employed by the
KENEDY POLICE DEPARTMENT

who, after an investigation, is shown to have engaged in

KENEDY POLICE DEPARTMENT

racial profiling in violation of the

6) requires collection of information relating to motor vehicle stops in which a citation is issued and to arrests made as a result of those stops, including information relating to:

a. the race or ethnicity of the individual detained;

b. whether a search was conducted and, if so, whether the individual detained consented to the search;

- c. whether the peace officer knew the race or ethnicity of the individual detained before detaining that individual;
- d. whether the peace officer used physical force that resulted in bodily injury during the stop. the location of the stop;
- f. the reason for the stop.

7) requires the chief administrator of the agency, regardless of whether the administrator is elected, employed, or appointed, to submit an annual report of the information collected under Subdivision (6) to:

- a. the Commission on Law Enforcement; and
- b. the governing body of each county or municipality served by the agency, if the agency is an agency of a county, municipality, or other political subdivision of the state.

KENEDY POLICE DEPARTMENT
